

# School Advisory Council SAC Agenda

## **Welcome**

## **Motion to Begin**

### **What is SAC ?**

A team of parents, teachers, administrators, support staff, and community members.

Each Florida school must have a SAC. This requirement encourages community and staff participation in strategic planning. SAC must have majority non-school employee members! The Committee works as a team to assess needs of the school, develop goals, and specify a plan that will address the needs of the school for the coming year.
