**Course DBA Information:**

A “Discussion Based Assessment (DBA)” is a time for the students to share something they learned in the module with the teacher. Students are required to talk with the teacher via phone/ZOOM to complete this assignment with each module. Students may use notes but should not receive any additional support from another person (parent, guardian, tutor, sibling, friend, etc.).

You may complete your DBA by calling the teacher between 8AM – 9AM any day of the week.

You may also schedule a DBA using this link if you need another time:
